VOL. 14, NUMBER 8 MONESSEN, PA., TUESDAY, JUNE 22, 1915 SIX CENTS THE WEEK

Three Suspects Arrested But Are Later Released

A detachment of State troopers under Sargeant McLaughlin have been in this vicinity since Sunday noon in hopes of finding some clue to the murderer of Joseph Smith, and although several suspects have been placed under arrest, they have been released after proving an alibi. Mrs. Smith, who was severely beaten by the negro who entered the home to commit robbery, and then shot and killed her husband, spent a restless night in the Monessen-Charleroi hospital, but her condition is not serious, and she may be discharged from the institution in a short time.

In a statement to the State Police yesterday she accused a white man by the name of George Deitz of the crime. The officers soon located the man and placed him in the lockup, but after an investigation released him. According to reports, a son of Mrs. Smith, by her first husband, ran away with Deitz' wife and since that time there has been no friendship lost between the two families. Deitz returned to this section of the country Saturday, and for this reason Mrs. Smith thought he may have been responsible for the attack.

John Oliver, arrested at Irwin Sunday by State Policeman Aviz as being implicated in the murder here, created quite a disturbance when arrested and although it was later decided that he was not the man wanted for the local crime, he is suspicioned of having robbed some pay station. A third suspect was arrested at Braddock but he was later released.

The State Police returned to Greensburg, but the local officers are working on the case. Persons in the vicinity of Webster have reported seeing a negro with his head tied up going over the hills Sunday.

In the afternoon cards and dancing will be the feature for the older people and again in the evening the dance will be the main attraction. With favorable weather this promises to be the largest outing ever held by the local church.

Sixth Street Park Will Be Improved

The Civic committee of the Board of Trade met with R. P. Allaman, the landscape gardner last evening and went over the plans for the improvement of Sixth street park. The plans of Mr. Allaman were approved and he was given authority to start work on the improvements. After the necessary grading has been completed, driveways will be laid out and shrubbery and additional trees will be planted.

The borough will assist in financing the improvements and it is possible that a tag day will be held in the near fututre to help raise funds for beautifying the park which is destined to become one of the beauty spots of the town.

Today The First Day of Summer

Yesterday was the longest day of the year. The sun was nearest the earth yesterday and beginning today it will commence to get farther away and the days will begin to shorten. This is also the first day of summer and the weather man has not given a very pleasant forecast for the week, although the first two days have been very agreeable. Threatening rains are forecasted for Wednesday, thunder storms Thursday, stormy weather and possibly cooler Friday and Saturday had heavy rains next Sunday. Next Saturday will mark a full moon's appearance. From all weather predictions, if they be correct, rains will fall frequently during the summer and weather prophets seem to be of the belief that this section of the country will not enjoy much summer this season.

Victim Of Mysterious Attack

While on his way to work at the Acme mines near Bentleyville at an early hour this morning, Charles Stickles, a well known resident of that section of the county was shot at three times by some unknown person who was secretated in a bush along the road. One of the bullets lodged in the man's back, another in his arm, while a third went wild. The deepest mystery surrounds the affair and Mr. Stickles stated that he has not the slightest idea why the attack should be made on him. He was taken to the Memorial hospital at Monongahela, and as his wounds are not serious, his recovery is quite probable. County Detective McCleary is investigating the affair and is working with the Bentleyville officials in hope of getting some clue as to who was responsible for the shooting.

Our pictures today as well as every day this week are wonderful. The first is Charles Chaplin "By the Sea." The second, the second series of Princess Imbrahim Hassan, an American actress and wife of Khedive, Ruler of Egypt, who is telling as her eye witnesed facts and reveals all secrets of the Turkish harem. It is a great opportunity to all of us to learn thes secrets of the mysterious life of this thrilling harem. "THE CAGE OF GOLDEN BARS," featuring the great actor FRANCIS X. BUSHMAN and MISS NEIL CRAIG, in five acts. I know the day that two hundred from Elwood City went to New Castle to see Francis X. Bushman in "The Return of Richard Neal." When you talk of Francis Bushman, you forget for what they talk for Kaiser the mighty men of the world for an actor. Of course I don't blame them, one is the mightiest, greatest in power man of the world in reality, the other is the greatest man in the world in imitating the mighty and great rulers of the world. So he is a great actor. It

The report that Peter Amann hit a boy while driving his auto is untrue. Mr. Amann happened to be in the vicinity of Linden avenue when Paul Banich was injured by falling from a tree and he brought him to the doctor's office in his machine.

AMERICAN SURGEONS OFF TO WAR ZONE

S New York, June 22—The most comprehensive surgical and medical expedition ever sent from American shores, embarks today for England, where they will inaugurate an extensive American relief hospital for wounded soldiers. Thirty four surgeons and physicians and 75 nurses make up the party, which is to be relieved in the work periodically by other bands of American surgeons and nurses. The first party is made up of Harvard doctors, drawn principally from the Boston City hospital and the Massachusetts General Hospital. Columbus, John Hopkins and other big American medical schools are enrolling the future expeditions which will continue to operate one of the biggest war hospitals in England.

The American medical men will take no oath to King George, although they will work under the British government sanction and auspices. They are volunteers in the work of allaying human suffering, and their enrollment for the work they declare is within bounds of strict neutrality. In fact, they claim, they would have answered as quickly a call to a German hospital.

The expedition sailing today is under Dr. E. H. Nichols of Boston. They are senior surgeons of long experience in Boston hospitals, juniors surgeons and assistant surgeons. The 75 nurses are all graduates of American hospitals, and many of them are Canadian girls who are inspired by patriotic motives.

The British government is furnishing transportation to England and return for the party and the doctors and nurses will receive regular army pay. All of the surgeons will receive commissions in the British Army, without taking the oath of allegiance.

The Harvard doctors will begin work immediately on their arrival with the nurses at the big British base hospital, which is said to be in England near the channel. They should arrive there by July 1. Their period of work covers three months, while the nurses of the Boston party will remain about six months. Should they fall ill, they will be replaced.

The expedition is the result of conferences between Dr. Walton Martin of Columbia, Dr. Nichols of Harvard and Dr. J. M. T. Finney of John Hopkins. Sir William Osler, formerly of John Hopkins, now prominent in England, suggested the idea which had the sanction of the British government.

WOMEN WATCH THE CLOCK

In our stores and factories for that blessed hour when the day's work ends. The reason is readily seen, as the nature of their duties too often drifts them into the horrors of all kinds of organic troubles peculiar to women, causing backaches, headaches, nervousness and irritability. Lydia E. Pinkham's Vegetable Compound is a simple remedy made from roots and herbs, and may be relied upon to overcome these troubles.

Interesting Debate At A. M. E. Church

The debate in the A. M. E. church last evening was appreciated by a large audience that gathered there to hear a timely subject argued in a manner that was indeed interesting. The subject was "Resolved that this country is justified in sending war materials to foreign countries now at war." The affirmative side was taken by Alex Pangburn and Moses King and the negative by Julius Smith and Amos Lucas. Mr. Pangburn and King put up such a forcible argument that the judges were unanimous in awarding them the decision. A good musical and literary program completed the evening's entertainment. On next Monday evening an open discussion will be held on the subject "Was William Jennings Bryan Justified in Resigning as Secretary of State"

The Secret of a Good Figure

often lies in the brassiere. Hundreds of thousands of women wear Ben Jolie Brassieres for the reason that they reveal at all times any figure. It supports the bust and back and gives the figure the youthful outline fashion decrees.

BEN JOLIE BRASSIERES are the daintiest, most serviceable garments imaginable. Only the best of materials are used—for instance, "Batiste", a durable nainsook of great durability—absolutely ruthless—permitting it to rip or wear without removal.

They are in all styles and your local Dry Goods dealer will show them to you on request. If he does not carry them, he can easily get them for you by writing to us. Send for an illustrated booklet showing styles that are in high favor.

Superiors Win Another Game

Last Saturday the Superiors went to Fredericktown and defeated that team by the score of 6 to 1. The only run that Fredericktown got was handed them on a silver plate by Leonard when he missed a high infield fly with two men out, the runner scoring on the next man's hit.

Stahl pitched superb ball and in the seventh inning with three men on bases, he struck out the next three batters. Destefano played a good game, while Muir covered middle field to perfection, having two beautiful catches to his credit. Stahl and Myers did excellent stickwork and fine base running. For Fredericktown, Hagerty and Venesky played a star game, Hagerty striking out 16 men and Venesky caught them in fine style. Russell did the batting for Fredericktown, having a two bagger and a three bagger to his credit. Hagerty who pitched against the Superiors, fayed out with the Philadelphia Athletics last year, but owing to having two fingers off his right hand, was obliged to come back to the coke regions.

WHAT DO YOU KNOW ABOUT WOMAN SUFFRAGE?

Queries Cover History of Movement, How It Was Received by the People and Its Result on Leading Issues.

The Pennsylvania Association Opposed to Woman Suffrage has issued the following questions about woman suffrage, the best answers to which will receive prizes as follows:

First prize	$15 00
Second prize	10 00
Third prize	5.00
Five prizes, $2 each	10.00
Ten prizes, $1 each	10.00

2 What states have adopted woman suffrage, and when? What proportion of the total population live in woman suffrage states?

3. What states have defeated woman suffrage since 1912 at the polls? Which have defeated it since last November in their legislatures?

4. What states have defeated woman suffrage twice at the polls? What single states have given larger majorities AGAINST suffrage than the pluralities given FOR suffrage by ALL the suffrage states combined?

5 What is the highest known percentage of a woman electorate that has ever voted in a great city? What proportion of men voted at the same election?

6. Has a majority of the women ever voted in any suffrage state? Where?

7. Is it true that 8,000,000 or 9,000,000 women "work in store, factory and shop?" What proportion of all gainfully occupied women are engaged in the home? What proportion are under twenty-one?

8. What states went "dry" without women voting? What states have gone "dry" with woman suffrage?

9. What big city where women vote allows saloons to open on Sunday in spite of state laws to the contrary, and permits saloon cabarets, and liquor to be sold at public dances when the saloons are closed?

Active Antis May Not Answer.

CIVIC CENTER A DISGRACE SAYS COMMISSIONER GREENLEE

"No matter how much politicians may scheme, the women will get the vote, and when they do they will wipe out false politicians," said Meyer London in Cooper Union, New York, on June 7th. But here is a tune in a different key, and from a state where women have voted twenty three years.

The Denver Post of June 3d, in scare head type, prints the following assertion of Commissioner Greenlee, of Denver. "Present Civic Center a Disgrace." Dr. W. H. Sharpley, commissioner of social welfare, agrees with Mr. Greenlee, but says. "I have no reforms to suggest. I am merely a taxpayer; taxpayers are never reformers, they are the goats. I am dead certain that the kind of reformers we have here have never brought prosperity to this or any other city."

NOTES

Dean Hart, in the Denver Chronicle, makes this statement "In Denver we had last year 1265 divorces out of 2500 marriages. Every thirteenth person suffered arrest. There were seventeen murders, seventy five people killed in a coal strike and no one was brought to justice." After twenty-three years of votes for women comes such a report. Thomas Jefferson must have possessed the gift of prophecy when he said "Woman is marked for protection rather than the direction of government."

An article in the Denver Post of June 3d carries this heading in large type: "Doctor Warns Denver Mothers." Dr Amesse, of Colorado, has found it necessary to call the attention of the women to the needs of the school children, who, he says, are starving to death for lack of hot meals. Women cannot be politicians and cooks at the same time, it appears, else why this warning to the women of Denver?
